

# Safety Data Sheet

## SECTION 1. IDENTIFICATION

SDS compliant with regulations – (EC) No 1907/2006 (REACH). (EC) NO 1272/2008 (CLP)

### Product identifier

Product Name OPAWZ Permanent Color Dilution Cream

### Other means of identification

Product code No information available

### Recommended use of the chemical and restrictions on use

Recommended use Pet care product used for cosmetic effect (Liquid).

Restrictions on use Use only as directed on the product label.

### Details of the supplier of the safety data sheet

Supplier identification OPAWZ Inc.

Address Unit 5, 120 West Beaver Creek Rd. Richmond Hill. ON, Canada L4B 1L2

Telephone +1-289-597-3988

Emergency telephone number +1-289-597-3988

## SECTION 2. HAZARDS IDENTIFICATION

This product is not considered hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.122). Not a dangerous substance or mixture according to the Globally Harmonized System (GHS).

### Emergency Overview

This information is based on findings from related or similar materials.

- May be slightly toxic.
- May cause moderate skin injury (reddening & swelling).
- May cause eye irritation.

### **Potential Health Effects, Signs and Symptoms of Exposure:**

**Eye** No specific information is available. Contains materials that are essentially non irritating, but contact may cause slight transient irritation.

**Skin** No specific information is available. Contains materials that may cause moderate skin injury (reddening and swelling) and/or sensitization. Prolonged contact may cause blister formation (burns). Since irritation may not occur immediately, contact can go unnoticed.

**Ingestion** No specific information is available. Contains materials that are considered to be practically nontoxic.

**Inhalation** No specific information is available. Low volatility makes vapor inhalation unlikely. Aerosol can be irritating.

**Sub-Chronic Effects** No specific information is available.

### Label elements

Labelling according Regulation (EC) No 1272/2008 [CLP]

## **Other hazards**

**Hazards not otherwise classified** Not available.

See Section 11 for additional toxicological information.

## **SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS**

### **Substance**

Not applicable.

### **Mixture**

<b>Chemical Name</b>	<b>CAS No.</b>
Aqua	7732-18-5
Glycerin	56-81-5
PEG-40 Hydrogenated Castor Oil	61788-85-0
Hydroxyethyl Cellulose	9004-62-0
Polyquaternium-10	53568-66-4

## **SECTION 4. FIRST-AID MEASURES**

### **Description of first aid measures**

#### **General advice**

Consult a physician. Show this safety data sheet to the doctor in attendance.

**Eye contact:** Flush eyes with water at least 15 minutes. Get medical attention if eye irritation develops or persists.

**Ingestion:** If appreciable quantities are swallowed, consult specialist if necessary.

**Inhalation:** If exposed to highly concentrated vapors or mists, remove person to fresh air. Get medical attention if symptoms persist.

**Skin:** Remove contaminated clothing and wash contact area with soap and water for 15 minutes.

#### **Most important symptoms and effects, both acute and delayed**

No data available.

#### **Indication of any immediate medical attention and special treatment needed**

No data available.

## **SECTION 5. FIRE-FIGHTING MEASURES**

### **Suitable extinguishing media**

Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

### **Large Fire**

CAUTION: High temperatures and fire conditions may cause rapid and uncontrolled polymerization which can result in explosions and the violent rupture of storage vessels or containers. Avoid the use of a stream of water to control fires since frothing can occur.

### **Unsuitable extinguishing media**

Do not scatter spilled material with high pressure water streams.

### **Specific hazards arising from the chemical**

No information available.

## **Hazardous combustion products**

Carbon oxide.

## **Explosion data**

### **Sensitivity to Mechanical Impact**

None.

### **Sensitivity to Static Discharge**

None.

## **Special protective equipment for fire-fighters**

Remove all ignition sources. Wear self-contained breathing apparatus and complete personal protective equipment when entering confined areas where the potential for exposure to vapors or products of combustion exists.

## **SECTION 6. ACCIDENTAL RELEASE MEASURES**

### **Personal precautions, protective equipment and emergency procedures**

**Personal precautions**                      Avoid contact with eyes

### **Methods and material for containment and cleaning up**

**Methods of containment**                      Spontaneous polymerization can occur. Although material is non-flammable, please try to eliminate all ignition sources. Use eye and skin protection. Place leaking containers in a well-ventilated area.

**Methods of cleaning up**                      Dike and recover large spills. Soak up small spills with inert solids (such as vermiculite, and clay) and sweep/shovel them into a disposal container. Wash spill area with strong detergent and water solution; rinse with water, but minimize water use during cleanup. Do not flush to the sewer. Dispose and report per regulatory requirements if necessary. Please prevent washings from entering waterways.

## **SECTION 7. HANDLING AND STORAGE**

### **Precautions for safe handling**

**Advice on safe handling**                      Avoid contact with skin and eyes. Avoid breathing vapor. Keep the container closed when not in use. Avoid prolonged exposure to light. Wash contaminated clothing thoroughly before reuse. Wash skin thoroughly with soap and water after handling. Isopropyl Alcohol can be used to remove sticky residue from hands. Solvents should not be used to clean skin because of increased penetration potential.

When handling gel for product use, do not heat above 100°F/38°C, or disassociation of resins in the product may occur. Material is UV light sensitive, avoid prolonged exposure to light/heat.

### **Conditions for safe storage, including any incompatibilities**

**Storage Conditions**                      Store in a cool place, away from heat and light. Store at temperatures below 100°F/38°C.

## **SECTION 8. EXPOSURE CONTROLS/PERSONAL PROTECTION**

### **Control parameters**

**Exposure limits**                      This product, as supplied, does not contain any hazardous materials with occupational exposure limits established by the region-specific regulatory bodies.

### Appropriate engineering controls

Engineering controls No required

### Individual protection measures, such as personal protective equipment

**Eye/face protection** Avoid eye contact. Ensure eyewash is available. When removing products with an electric file we recommend the use of safety goggles.

**Skin and body protection** Avoid contact with skin. If contact to skin occurs remove with warm water soap and isopropyl alcohol.

**Respiratory protection** No protective equipment is needed under normal use conditions. If exposure limits are exceeded or irritation is experienced, ventilation and evacuation may be required.

**General hygiene considerations** Handle in accordance with good industrial hygiene and safety practice.

## SECTION 9. PHYSICAL AND CHEMICAL PROPERTIES

### Physical and chemical properties

**Physical state** Liquid

**Color** Pure Purple

**Odor** Perfume

<u>Property</u>	<u>Values</u>	<u>Remarks Method</u>
-----------------	---------------	-----------------------

<b>pH</b>	N/A	None known
-----------	-----	------------

<b>Vapor pressure</b>	(mm Hg) at 20°C: < 0.01	None known
-----------------------	-------------------------	------------

<b>Viscosity</b>	N/A	None known
------------------	-----	------------

<b>Boiling point</b>	N/A	None known
----------------------	-----	------------

<b>Freezing/melting point</b>	No data available	None known
-------------------------------	-------------------	------------

<b>Autoignition temperature</b>	No data available	None known
---------------------------------	-------------------	------------

<b>Flash Point</b>	≥ 100°C seta flash	None known
--------------------	--------------------	------------

<b>Explosion limits, lower</b>	No data available	None known
--------------------------------	-------------------	------------

<b>Explosion limits, upper</b>	No data available	None known
--------------------------------	-------------------	------------

<b>Decomposition temperature</b>	N/A	None known
----------------------------------	-----	------------

<b>Solubility in water</b>	Insoluble	None known
----------------------------	-----------	------------

<b>% Volatile</b>	< 0.5	By volume
-------------------	-------	-----------

### Other information

**Explosive properties** No information available

**Oxidizing properties** No information available

**Softening points** No information available

**Specific gravity/density** 1.15

(water is 1)

**Molecular formula** No information available

**Molecular weight** No information available

**VOC content (%)** No information available

**Liquid density** No information available

**Bulk density** No information available

**Particle size** No information available

Particle size distribution No information available

## SECTION 10. STABILITY AND REACTIVITY

**Reactivity** No information available.

**Chemical stability** Stable under normal conditions.

**Possibility of hazardous reactions** None under normal processing.

**Hazardous polymerization** May occur - Uncontrolled polymerization may cause rapid evolution of Heat and increased pressure that could result in violent rupture of sealed storage vessels or containers.

**Conditions to avoid** Storage >100°F/38°C, exposure to light, loss of dissolved air, loss of polymerization inhibitor, contamination with incompatible materials.

**Incompatible materials** Polymerization initiators include peroxides, strong oxidizing agents, copper, copper alloys, carbon steel, iron, rust, and string bases.

**Hazardous decomposition products** Fumes produced when heated to decomposition may include carbon monoxide and carbon dioxide.

## SECTION 11. TOXICOLOGICAL INFORMATION

**Acute toxicity – oral** No data available

**Acute toxicity – derma** No data available

**Acute toxicity – inhalation** No data available

### Effects and symptoms

**Symptoms/injuries after skin contact** No known effect based on information supplied.

**Symptoms/injuries after inhalation** No known effect based on information supplied.

**Symptoms/injuries after eye contact** No known effect based on information supplied.

**Carcinogenicity** No data available.

### Other information

**Hazchem code** N/A

**Potential health effects** No data available

## SECTION 12. ECOLOGICAL INFORMATION

**Ecotoxicity** No data available

**Environmental fate** No data available

**Physical/chemical** No data available

**Bio accumulative potential** No data available

## SECTION 13. DISPOSAL CONSIDERATIONS

### Ecological aspects

**Ecological general** The environmental impact of this product has not been fully investigated.

### Disposal instructions

**Waste disposal** Dispose of in accordance with local regulations.

**Product disposal** Dispose of in accordance with local regulations.

**Container/package disposal** Dispose of in accordance with local regulations.

**Disposal precautions** Use Personal Protective Equipment as per Para 8.

### EU and local legislation

EU Directive 91/689/EEC on hazardous waste

Canada Waste Code A720

## SECTION 14. TRANSPORT INFORMATION

**DOT** NOT REGULATED

**Proper Shipping Name** NON-REGULATED

**Hazard Class** N/A

**TDG** Not regulated

**MEX** Not regulated

**ICAO** Not regulated

**IATA** Not regulated

**Proper Shipping Name** NON-REGULATED

**Hazard Class** N/A

**IMDG/IMO** Not regulated

**Hazard Class** N/A

**RID** Not regulated

**ADR** Not regulated

**ADN** Not regulated

## SECTION 15. REGULATORY INFORMATION

### Safety, health and environmental regulations/legislation specific for the substance or mixture

This preparation was classified in compliance with the directive known as <All preparations> 1999/45/EC and its adaptations. In addition, directive 2004/73/EC with the 29° adaptation of directive 67/548/EEC (Hazardous substances) has been taken into account.

### Chemical safety assessment

No data available.

### Compliance additional legislation

No data available.
